

Le Fay GERMAN BASS
ENGINEERING
since 1985

ROB 344-66/IIIa

As you've probably already noticed, the neck on the Rob is fitted with a fanned fret system. You'll soon appreciate the advantages of such a system. The deep B-String is wonderfully taut and the high G-string feels soft and supple when you play it. And, of course, a Rob e-bass makes you look mega-cool. :-)
